Enhanced Services Implementation Update #14 on Uniform Screening
and Registration.

The use of the standardized STR Interview/Registration Form has now
been **postponed until October 1, 2006** as follows:

Effective October 1, 2006 this standardized screening form must be used by all
LMEs and all providers of enhanced benefits (Community Intervention Services
providers) to screen individuals for the appropriate level of service. The form is
to be used whether the person seeking services makes contact in person or by
telephone and when an intermediary makes contact on behalf of an individual. In
addition, the form will be used by all providers of enhanced benefits to register
consumers with the LME who initiate services directly with the provider. This
form is only to be used with consumers who have not previously received
services through the public system or for consumers seeking to reinstate
services after a lapse in service of 60 days or more.
