

Intensive In-Home Services Training

Date(s): May 3 and 4, 2010
Time: 9:00 a.m. – 4:30 p.m. each day
Place: The Guilford Center – Edgeworth Building
232 North Edgeworth Street (Room 524)
Greensboro, NC 27401
Target Audience: Mental Health professionals delivering Intensive In-home Services and agency owners/directors

Training Description

Day 1 focuses on the clinical delivery of intensive in-home services and includes:

- Identifying the benefits of the Intensive In-Home Service Delivery Model
- Developing an understanding of team member roles and how to structure your team
- Reviewing a sample of clinical tools that can be used in the delivery of Intensive In-Home care
- Discussing issues related to treating the family
- Discussing the importance of community collaboration and a strength building focus
- Reviewing ethical and safety concerns

Day 2 focuses on a review of the service definition requirements for providing Intensive In-home services and includes:

- Reviewing clinical coverage policy 8A
- Discussing the crisis management expectations
- Reviewing staffing requirements for service delivery
- Identifying service standards
- Reviewing the entrance criteria, service exclusions and discharge requirements
- Discussing outcomes and documentation expectations

Instructor: Lisa Bunting, MSW, LCSW
